Cactus League Standing	P.	W.	L.	Pct.
Mesa	11	8	3	.737
Bisbee	10	10	6	.625
Doña Ana	20	10	10	.500
El Paso	18	9	9	.500
Cananea	18	7	11	.388
Chifton	11	3	8	.273

Max Beardon was batted out of the box Sunday when the Miners found his delivery. He only lasted five innings, Gambel finishing the game for Cananea. Such easy meat was Beardon for the local heavy hitters that five runs went in for the Miners in the first, and the final score stood seven to five in favor of Beardon's prize.

The game was continued through out the day, scoring by the Miners in the first and by Cananea in the fifth, when the Green Sox ran in four tallies. The main feature, however, from a fan's standpoint, is the exhibition of ground work by Gambel. This oldtime pitcher was supposed to have a "glass arm," and to be on the down and out list, so far as pitching was concerned. He looks from his Sunday showing as if he might again become a factor. If he does and shows his old time class, a strong man will be working for Cananea.

Score by innings:
 Miners 5 0 0 1 1 0 0 0 0
 Cananea 0 0 0 0 4 0 0 0 0

Copper Queen Wins.
 The baseball game Sunday afternoon between the Copper Queen and C. & A. teams resulted in a score of thirty-two to twelve in favor of the former. This came rather as a surprise to those attending, as the Calumet Indians were the stronger according to all previous dope.

Golfers Kill a Duck.
 One of the prettiest as well as the most unique puns ever made on the Warren District or any other given, was that in which Arthur Norman knocked down a wild duck which later served to regale him and his companions in the foursome in which he was playing at the time.

With him were M. C. Milton, H. T. Hamilton and J. B. Lewis, Jr.

 28 N. Stone Ave., Tucson, Ariz.

As the foursome was crossing the water hazard approaching the eighth green Sunday a wild duck was driven from its hiding place beneath the shade of the scrub willows which border the little lake. Rising, it flew directly across the path of Norman, who is particularly handy with the goose-neck masher. Norman was preparing to make a stroke at his ball when his companions yelled to him to have a try at the duck. Losing not an instant, he sent his goose-neck after the bird, striking it squarely and bringing it to the earth dead.

The game was promptly retrieved and taken to the club house, where the steward prepared it in true Southern style, while the foursome made a second round.

A dozen or more members of the El Paso Country Club are expected to arrive in this district either Saturday or Sunday to play informal matches with members of the Warren District Club. The matches will be entirely informal, no attempt being made at anything other than "pickup" tests of skill.

One feature of interest which may be added to the play is a moonlight contest over the course. This should prove exceedingly interesting to participants as well as spectators. Another game will be played early in the morning in order to escape the extreme heat which renders playing rather burdensome work later in the day.

In order that these two contests may be held as scheduled, it is probable that arrangements will be made that the El Paso clubmen shall both eat and sleep at the local club house.

Crowd Sees Hypnotist.
 In spite of the fact that but little advertising had been done a large crowd witnessed the initial performance of Caruthers, the hypnotist, at the Orpheum last evening. Owing to the unwillingness of all but two subjects to place themselves under the control of the hypnotist, this portion of the performance was not so successful as it might have been. The mind reading features of the program went without a single hitch.

Everyone deeply respects A person who is guided By cool judgment And common sense. If one finds that habits Of food or drink are producing Hints of disease, he should Heed Nature's warnings and Adjust his diet to keep the Human machinery in order. One doesn't always know Where to commence To correct a diet. But one thing to stop is coffee. An alluring, insidious enemy That "sings one to sleep and then knives him."

The slow but sure effect of **CAFFEINE**—the active drug in Coffee—on the heart, finally Produces weak pulse and a Deranged, nervous system Which grows slowly but Steadily more pronounced And ends in some Fixed organic disease. Unless the cause be removed

FIGHT MUDDLE A QUANDARY TO BISBEE AGENT

Jack Rice Has Heard Nothing from Promoters of Johnson-Jeffries Bout in Regard to Tickets.

"I haven't heard a thing from the promoters yet, I presume that Arizonaans who have purchased tickets to the fight can have their money refunded in case they do not wish to attend it when it is pulled off in Nevada," said Jack Rice, agent in this territory for the Jeffries-Johnson battle tickets. Mr. Rice arrived in Bisbee Sunday for a brief stay, intending to make this his headquarters until he hears something definite concerning the intention of Jack Gleason and G. L. (Tex.) Rickard, the promoters.

Mr. Rice was thunderstruck by the action of Governor Gillette when he declared that the "fight of the century" could not be held in San Francisco, as had been planned. Not having heard from his principals his attitude is that of a man at sea as to what to do next.

During the last few weeks, Mr. Rice has been making a canvass of Arizona and northern Sonora, carrying with him the only plat of the arena to be seen outside the offices of the promoters at San Francisco, in blue print form. During his canvass he disposed of a large number of tickets and was drawing close to the 100 mark when the news of the refusal of the governor to allow the fight was received. It is believed that most of the men he sold tickets to will keep their reservations and follow the fighters into Nevada. In case this is not done, however, the promoters will undoubtedly make a refund. Mr. Rice was selling \$30 tickets exclusively.

Interest among Bisbee's sporting element is intense at present. A number of those who had planned to go are counting up two nickles and dimes to see whether they can make the trip to Reno, Elko or Gold field, and have "ban-an" money left when they arrive, after deducting the price of the fight ticket and transportation from their savings.

JUDGE LEWIS HOLDS TOMBSTONE COURT

JUDGE DOAN WILL PRESIDE AT GLOBE DURING THE PRESENT WEEK.

TOMBSTONE, June 20.—Special—Judge Fletcher M. Doan left this morning for Globe, where he goes to hold a brief session of the district court of that district, during the absence of Judge Lewis, who will hold court in Tombstone during this week.

There are seven cases upon the docket of this court upon which Judge Doan is disqualified to sit, which are as follows:
 Mrs. James Kelly, contestant, vs. Martin Costello and John E. Bacon, contestants. This action is to contest the will of Judge James Kelly deceased. John B. Wright appears as counsel for the plaintiff, and Cunningham and Riggs appear for the defendant. This case involves considerable real estate.

The next case is also a civil action, entitled Ferdinand Wesheimer & Sons vs. W. E. Dwyer, for attachment. A. C. Lockwood appears as the plaintiff's attorney, and George Watson for the defendant.

The balance of the cases are criminal actions against J. P. Casey. H. H. Stofard was on Saturday afternoon sentenced for a term of twelve years to in the territorial penitentiary for the murder of J. S. Uderwood.
 Decorations will also be profuse, according to the plans of the committee, a request having been formulated to be made of every resident of Lowell, and especially every merchant upon Main street, to decorate lavishly. The plans of the committee are now commencing to take form at a point where the really hard work begins.

MULLEN TAKEN ON SMUGGLING CHARGE

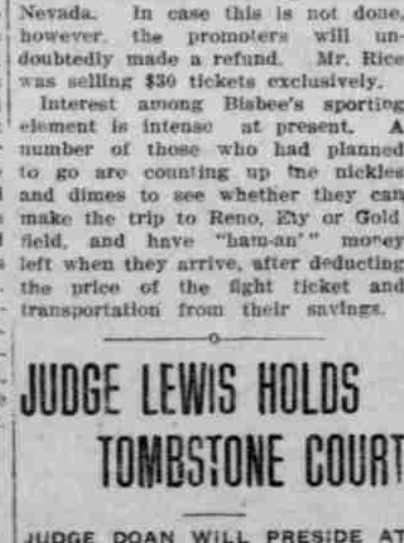

OFFICERS THINK BARTENDER HAS BEEN SUPPLYING OPIUM TO LOCAL EATERS.

George Mullen, a bartender, was arrested at Naco Sunday by Line Rider James Gambel upon the charge of having opium in his possession, a felony under the United States statutes. He was brought to Bisbee by U. S. Deputy Marshal White, and upon pleading not guilty to the charge before U. S. Commissioner J. D. Taylor, was returned to jail to await hearing, which will be held Wednesday.

It is the belief of the officers that in the person of Mullins they have made an important capture, as he is thought to have been the source of supply for a number of the "bon heads," or opium smokers, of this city. Mullen had been in the habit, it is alleged, of smuggling or having smuggled over to him the opium which he had concealed at Naco, Ariz., disposing of it to the smokers of the surrounding section.

In Mullins' possession when arrested was found a small quantity of the product of the poppy, and it is upon this charge that he is to be prosecuted. He has been under surveillance for some time, but the first opportunity to catch him with the "goods on" came Sunday and his arrest followed promptly.

PROF. CARUTHERS GIVES REMARKABLE DEMONSTRATION

Professor Caruthers opened his engagement at the Orpheum Theatre last evening before quite a large house.

Owing to the fact that the subjects who voluntarily went upon the stage were not susceptible to hypnotic influence the hypnotic comedy was not as good as expected.

Professor Caruthers carries no subject with him, but relies entirely upon the audience for subjects. He does this to show that there is absolutely no fraud to his work. The mind reading tests were wonderful.

The professor is the only man appearing on the stage who reads hidden articles, reading the mind without contact.

Last night an article was hidden by a member of the committee and solely by the power of thought transference the article was found by the professor.

This has demonstration of the professor's convinced even the most skeptical of the marvelous science of mind reading.
 Tonight the professor will give a similar demonstration. It is to be hoped under more favorable circumstances, as some members of the audience were very loud and unruly at times.
 One big show will be given, commencing at 8 o'clock promptly.

BUILDING BILL PASSES

WASHINGTON, June 21.—The public building bill, carrying \$19,288,500 in authorizations for increased cost of public buildings, etc., besides \$3,095,000 for continuing contracts, was passed by the house at 12:50 this morning, by a viva voce vote.

CANANEA LAUGHS AT WILD REPORT

CANANEA, June 20.—(Special)—Locally great surprise is expressed over the wild rumors which have been going out of Naco for the past few days about alleged revolutionary movements on foot in this city. While a few arrests have been made here, nothing like the number stated in the alleged authentic specials from Naco printed in the El Paso Herald and Bisbee Miner have been placed in duration.

It seems strange that none of the huge number of confiscated guns can be located, nor can the scores of prisoners. Cananea is as peaceful as any of her sister cities across the border. The citizens do not relish reading alleged dispatches containing dreams brought about by through the dreamer's mistake in changing his hand of space producer.

RUSSELL WILL IS DULY PROBATED

INSTRUMENT LEFT BY DYING MAN RECOGNIZED AS SOUND IN LAW.

LOS ANGELES, June 20.—"Captain O'Connor shot me, there is my book; I wish you would take care of it; leave my real estate, ranch house, property to Mrs. Harry Vaughn, my money in bank to my sister, Mary Russell, of Bulawayo, Africa."

The pre-arranged written in a small blank book, was found on the body of Dr. A. S. Russell, opposite the Dequense shaft house, near Washington Camp, Santa Cruz county, Ariz., by George C. Everett, was admitted to probate today by Judge Gillett.

The property left by Dr. Russell consisting mostly of money, deposited in savings banks of this city, the amount being \$1687.28. It is understood that Mrs. Vaughn cannot be located. In order to have the money on deposit here turned over to the sister in Africa, public administrator Frank Bryson was appointed administrator.

TURBULENT SCENE OVER INSURGENCY

CALIFORNIA REPUBLICAN STATE COMMITTEE PROVES FAR FROM HARMONIOUS.

SAN FRANCISCO, June 20.—Resolutions condemning insurgency and commending the tariff caused intense excitement at the meeting of the republican State Central Committee today. The storm was hardly allayed by their adoption when a resolution call-

RECLAMATION THE SUBJECT TO FRONT

TAFT HAS TALK WITH SEVERAL WESTERN MEN IN REGARD TO PURPOSE.

WASHINGTON, June 20.—Taft talked with Representative Hammer of Idaho and other western senators and representatives today regarding the conservation legislation, and the proposed issue of certificates for carrying forward reclamation work in the arid regions. The bill authorizing executive withdrawal of power sites is also assuming satisfactory shape and the president declared the senate bill met his views in every way.

In response to a suggestion of the conservationists, that the bill might not be held valid specifically in regard to withdrawals already made, the president said he could see in their validation "mighty quick." The amendment to the bill not to exclude lands withdrawn by the executive meets the president's approval.

The president also promised Representative Hammer to do what he could to help the dry farming bill, affecting many semi-arid regions where winter rains and snows make it possible to raise crops of wheat, but where the elevation of the land is such as preclude irrigation.

A resolution calling on primary candidates to pledge themselves to support republican nominees at the regular election, precipitated another outbreak.

A resolution calling upon republican primary candidates to pledge themselves to repudiate political connection with the Espies was laid on the table.

A resolution calling on primary candidates to support the republican ticket was adopted, but a similar resolution requesting that republican legislators be morally bound by the advisory vote for U. S. senators was defeated.
